## C. OF C. WILL TAKE STRAW VOTE ON BOND ISSUES

MEMBERSHIP WILL BE ASKED TO EXPRESS VIEWS ON PENDING PROJECTS

A referendum straw ballot on the municipal bond and charter issues to come before the people of Glendale at a special election, March 29, has been ordered by the directors of the Chamber of Commerce in order that it may swing its united support for those issues favored. This was ordered at the board luncheon yesterday, C. D. Lusby making the motion.

Already the forum has overwhelmingly approved all of the issues and the directors plan an active campaign in which they want all of the members to participate. Secretary James M. Rhoades is busy today getting out the straw ballots to the membership.

Following a report favorable to the elimination of the reverse curve on the northwest corner of San Fernando Road and Brand boulevard by S. C. Packer, Peter L. Perry moved that the railroad and public utilities committee be instructed to get busy on plans for an underground grade crossing of Brand boulevard at the Southern Pacific railroad tracks at the south city limits.

To Start Proceedings

With the boulevard now open making a short line to Los Angeles, the constant traffic will make the crossing at Glendale tower one of the most dangerous in the city. The

## DEATH PENALTY FOR CLARA HAMON IS NOT DEMANDED

PROSECUTOR ANNOUNCES HE WILL NOT SEEK LIFE OF ACCUSED GIRL

By CARL VICTOR LITTLE  
United Press Staff Correspondent  
COURT HOUSE, ARDMORE, Okla., March 16.—Love letters written by Jake Hamon to his protegee, Clara Smith Hamon, were ruled inadmissible as evidence in Clara's trial for murder here today.

Judge Tom Champion said the letters, introduced by the defense, were not competent evidence. The ruling was a blow to the defense's case.

Clara looked much relieved when she entered the court room today after her trying ordeal on the witness stand yesterday. She was accompanied by Mrs. Jennie Sharples, an evangelist, who prayed with her during the morning before court opened.

Will Not Ask Death Penalty

All witnesses examined today were called by the state to offer testimony in rebuttal of defense witnesses. Prosecutor Freeling said he would not ask the death penalty in his closing statement. He feels he has a better chance of getting a conviction if he asks a lighter penalty.

The case probably will reach the jury late tonight or tomorrow. Attorneys for Clara declared she had saved herself by the story she told the jury—that she was her own best witness.

Erwin C. Daniels, Denison, Texas, chauffeur, testified he drove the defendant from Denison to Dallas last November after Hamon was shot and that Clara had a pistol in her possession at the time.

Miss Rosa Cannon, Hamon's nurse, who testified for the defense, was recalled and denied making this statement to Errett Dunlap, a friend of Hamon:

"I was surprised to see Clara come to the hospital; she made me nervous; she looked like she had been out the night before."

Dunlap, who followed Miss Cannon, testified Miss Cannon had made the statement.

State Rests Its Case

Dr. Walter Hardy, in whose hospital Hamon died, testified Miss Cannon told him "she would have given her life to hear what Mr. Hamon was saying to visitors."

Mrs. Jake L. Hamon wept when her husband's plum colored suit was identified by Hardy as the one Hamon wore when shot.

The state rested its case after hearing testimony by a few witnesses. Death threats have been received by all principals in the trial, it was revealed today.

"It's the work of cranks," Sheriff Garrett said, "and happens often around here, but nothing ever comes of such threats."

## Carnation Lodge Of Rebekahs In Session

A very interesting meeting of Carnation lodge No. 257, Rebekahs, was held in the I. O. O. F. hall last evening. Mrs. L. G. Scovern, noble grand, presiding. Visiting members from eastern chapters and from Pomona were present. During the evening floor work, applications for membership and other business was taken up. A general social evening was enjoyed. Refreshments included fruits, nuts and popcorn.

Definite plans were made to take in a class for initiation the second meeting night in April, which will be April 19. The entertainment committee in charge of the evening consisted of Mrs. S. A. Anderson, chairman; Mrs. John Maloy and Mrs. A. H. Hartley.

## DEPARTMENT HEADS OF LOCAL SCHOOL MAKE INQUIRY

VISIT OTHER INSTITUTIONS TO INSPECT WORK; NIGHT CLASS STARTS NEXT FALL

A. R. Oliver, G. L. Lockwood, Morgan Smith and H. Wright of the machine and woodworking departments of Glendale union high school yesterday motored to several neighborhood high schools to visit departments similar to those which they conduct here.

At Alhambra, Whittier, Fullerton and Pasadena they found excellent work being done.

Part time work for which the Smith-Hughes act provides is not proving popular this year in any of the schools mentioned, according to Mr. Oliver, although there are prospects for classes next year in Glendale high as well as those visited.

Glendale to Meet Demands

In those schools which are conducting night sessions the enrollment was found to be large and it is expected that Glendale will be able to meet the demands of those who work in the day time by after-dinner classes beginning next fall. Mr. Oliver added, Mr. Smith reported the day was full of inspiration as it showed Glendale in a favorable light compared with what other schools are doing.

The other instructors were equally pleased with the results of the day's trip.

## Whitewash Brigade Is Busy At High School Preparing For Dance

The whitewash brigade was busy yesterday.

It was the committee on the Junior dance at Glendale Union High school, Friday night, March 18.

So many features have been planned for the St. Patrick "skid" that prying eyes are not to be permitted a "look into" the gymnasium where the affair will be held.

Therefore the whitewash. All of the windows will be blind.

And several suits of boys' clothes are at the dry cleaners.

For whitewash is whitewash and splatter it will.

Especially when the brush is wielded by novices.

## Baby Show Feature

A baby show is to be the feature of the Glendale Union High school reunion on Friday, June 3, according to Ed Seay, president of the organization who is in the city today planning the event.

Tennis and baseball games, combined with the school art exhibit and an informal dance in the gymnasium in the evening will be other attractions.

This will be the first reunion since 1917 and it is expected to be a large event.

## Buddy Is Located

Little Ruth Jones is rejoicing again.

Through the efficacy of The Glendale Evening News "Buddy," the brindle bull pup belonging to Rev. E. R. Norton, 801 East Wilson avenue, was found.

And how happy the little lady and the pup were as they played yesterday for the first time since Sunday.

For everyone knows that two chums minus one equals misery.

## 24 COAL MINES CLOSED

SEATTLE, March 16.—Three thousand men are idle and twenty-four coal mines are closed in western Washington today following the refusal of the coal miners to accept the wage cut recently announced by the operators.

## BOY SCOUT COUNCIL TO DEVISE PLAN FOR FINANCES

COMMITTEE IS NAMED FOR PURPOSE OF OBTAINING NECESSARY SUPPORT

For devising ways and means for the thorough organization of Scout activities during the coming summer months, members of the Glendale Boy Scout Council met last night in the office of Roy L. Kent, secretary, 130 South Brand boulevard.

H. R. Cheeseman of Los Angeles, who at a previous meeting had been recommended for the position of local Scout superintendent on salary, was present and spoke pointedly on the needs of more thorough organization in caring for the boys' interests. He said that he now had satisfactory employment as assistant Scout director in Los Angeles, but would consider coming to Glendale if the council thought he was the man for the place.

"I like Glendale and feel sure I can do good work here," he told the members.

Gives Financial Estimate

S. P. Kellogg, who has for years been active as leader in Boy Scout affairs in Glendale, gave a report as to the approximate amount of money needed to carry on the work for one year. His estimate follows: Executive's salary, \$2600; office rent, \$200; traveling expenses, \$300; attending conferences, \$100; camp allowances, \$500; miscellaneous, \$370. A budget of \$4,100 was suggested as sufficient for the requirements of a first-class council.

On motion of Judge F. H. Lowe, a committee was appointed to devise ways and means for financing as follows: H. R. Cheeseman, C. G. Farrow and C. H. Crawford. Others present at last night's meeting were R. L. McCourt, Richardson D. White, P. E. Gilman, C. C. Cooper, A. T. Cowan, Captain W. C. Wattles, Ben Robison, Roy L. Kent and S. P. Kellogg.

## SERIOUSLY HURT AS RESULT OF BEING HIT BY AUTO

G. MUENCH, EMPLOYED BY L. A. COUNTY FORESTRY BUREAU; TAKEN TO SANITARIUM

G. Muench of Glendora, an employee of the Los Angeles county forestry department, is lying in a critical condition at the Glendale Sanitarium and Hospital as the result of a collision about 8 o'clock this morning at the corner of Michigan and Pennsylvania avenues, La Crescenta.

James A. Glann of La Crescenta, reported to the police here that he was driving a touring car along Michigan avenue when he struck Muench on a motorcycle, neither being able to stop their machines in time to avoid the accident.

Mr. Glann immediately placed Muench in his machine and brought him to the Sanitarium hospital where he is reported seriously injured with some hopes for his recovery.

## Moves Are Noted At City Service Bureau

May 1 is generally accepted to be moving day in some parts of the United States, but in Glendale statistics at the public service department do not show any one day to be more favored than another. Requests for transfer of service and new electric meter installations received at that department yesterday are as follows:

H. Hankin, from 413 West Garfield avenue; D. B. Rushworth, from 209 South Jackson to 445 West Garfield avenue; R. Tomlin, from 320 Oak street to Altadena; F. J. Long, from 1002 South Glendale avenue to Redondo Beach; C. C. Green, from 120 South Kenwood street to 320 Oak street; J. W. Scott, from 114 Franklin Court to Los Angeles; Mrs. A. R. Meyers, from 515 East Wilson avenue to 207-A North Isabel. A. Rallen, 527 West Harvard street; A. C. Oliver, 1106 East Broadway; S. J. Cray, 134 Franklin court; G. H. Schulte, 516 Burchett street; A. Moss, 1501 Kenneth road; A. Vack, 105 South Maryland; Thomas D. Meddick, 373 West Wilson avenue; C. D. Williams, 321 North Central avenue; Charles Sterzing, 130 South Adams street; Baird and Young, 637 North Orange street; E. L. Weaver, 1405 North Central avenue; D. E. Johnston, 327 Mira Loma avenue; J. W. Powell, 524 Myrtle street.

## Phone Toll Hearing To Start Tomorrow

City Attorney Hartley Shaw, who will present Glendale's case at telephone toll hearing before the state railroad commission in its offices, Pacific Finance building, Los Angeles, tomorrow morning at 10 o'clock, suggests that interested citizens, and especially business men who are paying large tolls, get in touch with E. P. Hayward, chairman of the railroads and public utilities committee of the Chamber of Commerce.

A special delegation from this city will leave the Chamber of Commerce headquarters at 9 o'clock to attend the hearing, according to Secretary James M. Rhoades. An adjustment of rates is sought and a strong representation will be made to the commission on the present charges for service, especially the 10-cent toll between Glendale and Los Angeles.

## PRIZE WINNERS IN LETTER CONTEST SOON KNOWN

PROSPERITY COMMUNICATIONS IN HANDS OF JUDGES TO MAKE DECISIONS

After several days' strenuous work in getting the many Prosperity letters entered in The Glendale Evening News' contest into shape for the judges so as not to interfere with their publication, the task has finally been completed.

The judges are now busy perusing the many entries and selecting the three best for the awarding of prizes. It is expected that they will have arrived at a decision by the latter part of the week. C. A. Brownell, James M. Rhoades and W. B. Davis are the three men who have kindly consented to act.

Each judge is working alone and the result of their score sheets will decide the prize winners, a method which has proved most satisfactory in contests of this kind as it brings out the best judgment of the individual unaffected by what the others may decide.

Readers of The Glendale Evening News have derived a great benefit from the letters which have been printed, many points being made which emphasize the desirability of this city as a home town. The contest has done much to elicit the spirit of confidence from persons who otherwise would not have spoken.

Indeed, it served a purpose vital to the welfare of the city and in after years people will refer to buildings and homes as having had their inception during "Glendale's Prosperity Week Celebration in 1921."

May similar celebrations in the future be many!

## Literary Section Of Tuesday Club Meets

The literary section of the Tuesday Afternoon club met yesterday afternoon at the home of the curator, Mrs. A. M. Williams, 208 South Orange street. There were 28 present. Miss Vermilyea, a public speaker of considerable note, who is sojourning in California for the winter, graciously donated her services by giving a splendid talk on current events in the United States, taking up the legislative questions of the nation and of the state.

Mrs. E. Hollingsworth gave a very conclusive and satisfactory review of Stoddard's book, "The Rising Tide of Color Against White World Supremacy," which she handled in a very masterly way. At this meeting the study of Ireland was completed. Mrs. C. E. Stanley gave a very interesting paper on the buildings, including the palaces, estates, etc. Mrs. Annie Williams gave an account of the principal cities of that country.

Mrs. H. L. Baker took up the subject of the principal men of Ireland, among them Lord Kitchener, generally supposed to have been an Englishman, but who was an Irishman. Those present conceded the afternoon's meeting to have been the finest given this year.

## Plans Are Discussed For Spring Festival

Mrs. J. E. Wernette of 1330 North Louise street entertained the presidents and financial chairmen of all the Glendale Parent-Teacher associations at an informal gathering at her home yesterday. The object of the meeting was to formulate plans for the spring festival which will be given by the Glendale Federation of Parent-Teacher associations May 20 on the grounds of the John Robert White home at 347 North Orange street.

## COUPLE CELEBRATE FIFTY YEARS OF MARRIED LIFE

MR. AND MRS. E. CULVER OBSERVE ANNIVERSARY WITH NUMBER OF FRIENDS

Fifty golden years of wedded life of Ebenezer and Alice Elvira Culver was duly celebrated last night at their hospitable home, 327 North Isabel street, where many friends gathered. The decorations carried out the scheme of gold, a large bell of that color serving as a canopy under which the bride and groom stood, marigolds and yellow streamers adding to the effect. A beautiful library table and a reading lamp were presented to the couple by those assembled, besides many smaller gifts.

As the guests were seated in expectation, the wedding march was played by Mrs. W. J. Johnson and the bride and groom, preceded by the pastor, E. L. Neff, and accompanied by Elder L. A. Ford and Mrs. C. A. Brandstater, took their places under the decorations. Elder Neff made an appropriate speech of retrospection and of present and future, simulating the wedding ceremony. After the kiss—but not the first—the following program was rendered: Solo, "Faith and Hope," E. A. McDonald.

"Daily Promises," Elder J. O. Corliss.

Solo, "I've Grown So Used to You," Elder I. A. Ford.

Piano duet, Mrs. W. J. Johnson and Miss Evah Hollingsworth.

Solo, "Silver Threads Among the Gold," C. H. Jones.

Reading, "Fifty Golden Links," Mrs. J. Moser.

Solo, "The Dream of Paradise," Dr. C. A. Brandstater.

Piano duet, Mrs. W. J. Johnson and Miss Hollingsworth.

Solo, "Every Man Is a King of Dreams," E. A. MacDonald.

With congratulations and good wishes Elder Ford presented Mr. and Mrs. Culver with the library table and the lamp, in behalf of the donors. Mr. and Mrs. Culver each responded, he giving a brief sketch of the original ceremony fifty years ago.

Mrs. P. C. Mason gave an original reading of appropriate sentiment. The singing of favorite hymns and a social hour closed the evening's enjoyment. Delicious refreshments were served. Among the many who were present beside Mr. and Mrs. Culver were Elders G. W. Reaser, J. W. Christian, F. W. Westphal, I. A. Ford, E. L. Neff, J. O. Corliss, F. W. Paap, R. W. Munson; Drs. H. G. ## Girls Exhibit Dress; Boys Not Admitted

Boys not allowed!

That was the edict in force as regards the assembly held yesterday afternoon by the girls of Glendale Union High school. It will be remembered that the girls of the high school voted some time ago that uniform costumes were to be worn, but it seems that this resolution has been forgotten or neglected by a number of the girl students.

At the assembly yesterday afternoon a review of the popular costumes in vogue at the school were given by some of the girls, namely extreme styles in hair dressing, rouge, knee length skirts accompanied by "roll-downs," one girl wearing a tidy uniform of middie blouse and skirt, and another one that was not tidy.

This exhibition was followed by speeches by Doris Packer, president of the girls' league, who led the discussion as to the girls' costumes, and Mrs. George U. Moyle, former dean of girls at Glendale Union high school, who told what other high schools were doing along similar lines. No vote was taken.

A reel of motion pictures has been sent to the relatives in the states. It has been to Pennsylvania, Florida, Missouri and now it is in Glendale, so that the two sisters in California may see it. It will be run tonight at the Palace Grand theatre at the close of the last show.

## Today's World News In Brief

(Special Service to Glendale Evening News)

### HUNDREDS IN FIGHT TO CURB CHICAGO LANDLORDS

CHICAGO, March 16.—Hundreds of Chicago tenants went to Springfield early today to demand passage of legislation which will curb landlords charging excessive rents. The renters left on special trains. Huge signs were carried by the crowd, demanding relief from high rents.

### RAILROAD EXECUTIVES DENY CHARGES OF LEADERS

CHICAGO, March 16.—Railway executives here today branded as "absolutely false" charges by labor leaders that wages of railroad employees are arbitrarily fixed by a small clique of officials. Denials were also made to the union's claim that some railroads oppose abrogation of the national agreements, but the influential railroads were able to force the issue.

### DAMAGED TRANSPORT IS BEING BROUGHT TO PORT

NEW YORK, March 16.—The army transport Madawaski, damaged in collision with the shipping board steamship Invincible last night, was being towed to safety early today. The Invincible was alongside. The ships collided in a dense fog off Little Egg harbor, New Jersey. The Madawaski was incoming from Manila with forty passengers. The Invincible was bound for Norfolk.

### RAILROAD EMPLOYEES OPPOSED TO WAGE REDUCTION

SAN FRANCISCO, March 16.—Declaring the cost of living had not declined to a point where wage reductions were justified and that wages paid in other industries were proportionately higher for the same work, both the Southern Pacific and Western Pacific railways' unskilled laborers today were determined to fight an attempt of the railroads to cut wages. Two meetings last night, called by brotherhood of railway clerks, discussed the proposed wage slashing of the unskilled labor.

### STATE PHARMACY BOARD MAY NOW BE INVESTIGATED

SACRAMENTO, March 16.—Investigation of the state pharmacy board looms today with the announcement by Assemblyman Oscar Smith of Santa Barbara county that he would introduce a resolution asking the board to make a detailed report of activities to the legislature. Smith's resolution will ask that the report be submitted before March 25, to cover the fiscal year ending June 30, 1920. The resolution will ask for a report on the receipts of the board and the expenditures.

### UPWARD MOVEMENT IS SHOWN ON NEW YORK MARKET

NEW YORK, March 16.—There was a burst of strength at the opening of the New York stock exchange today. The upward movement was a continuation of the strength which developed late yesterday. Overselling in the bear raids, which had driven prices down for a week, was one of the main factors in the advance. Completion of the income tax payment period and the rosy reports of several big industries were bullish influences. Short covering was also induced by the heavy oversubscription of the new \$400,000,000 issue of treasury certificates. The strength was not confined to any one division although some lines scored sharper advances than others.

## BANQUET GIVEN FOR FATHER AND SON BIG SUCCESS

DR. JOHN BROWN, JR., SPEAKER  
TO LARGE AUDIENCE AT  
METHODIST HALL

(Continued from Page One)

Father," Paul Edmonds, Hi Y club.  
Baritone horn solo, Cecil Percy, ac-  
companied on the piano by his sister.

Dr. John Brown, Jr., Talks

In a pleasing manner Toastmaster  
Murphy introduced as the principal  
speaker of the evening Dr. John  
Brown, Jr., senior secretary, physical  
department of the international com-  
mittee, Y. M. C. A., his topic being  
"The Greatest Profession—That of  
Being a Father." Dr. Brown with  
but a few introductory remarks hast-  
ened to his subject and soon con-  
vinced the audience of his earnest-  
ness and grasp of the situation. He  
said, in part:

"These gatherings of fathers and  
sons are a new institution and mark  
an epoch in society. A short time  
back, the sons would go off to some  
place by themselves and the fathers to  
a club. And the sons would be  
interested and engaged in some  
things that they would not want dad  
to know. And the fathers would be  
busy in some matters that they would  
prefer not to know. But here we  
are met in a common place and for  
a common purpose. I cannot ad-  
vocate too strongly the wisdom of  
this change. Let me give you three  
things to think over. I charge you  
to store them away in your memories.  
"First. The noblest thing in the  
world is man.

"Second. The saddest sight in the  
world is a wrecked man.

"Third. The greatest work in the  
world is the making of a man.

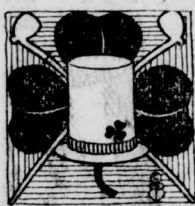

"The first essential in the mak-  
ing of a man is a pattern. The boy  
is but the small imitation of a man.  
It is essential, boys, that you have  
the right ideal of a man. As you  
come to different 'periods in your  
life there will be a man to meet you  
—the man you are to be. And you  
can make the man just as you want  
him by having the proper ideal and  
purpose. The finest lines written  
during the war were by Ella Wheeler  
Wilcox in which in her matchless  
style she appealed to the boys to  
come back clean, for the sake of the  
little wife and the kiddies as well as  
their own sakes. Keep clear of the  
cigarette habit.

What Real Home Means

"Do you realize the interest your  
father has in you? He chose your  
mother and established the home,  
all the while looking forward to the  
time when he would be blessed with  
a son. The real home consists of a  
father, mother and children, with a  
part for all to perform. Do you un-  
derstand that you are a partner,  
have an interest, and that your  
younger brother is your special  
charge, and sometimes your special  
messenger?

"Now a word to the fathers. A  
thoughtless father was startled one  
day to receive a letter from his son  
inviting him to spend the evening at  
home with the son. He was game  
and accepted in a written answer.  
After supper father appeared to be  
interested in his paper but was  
watching son. Son looked over his  
lessons for the morrow near father's  
chair, and at an early hour prepared  
for bed. The father said, 'Son, why  
this invitation, anything special?'  
'No particular reason,' answered son;  
'I just wanted you.' Give more time  
to your children when small and  
growing up and you will save time  
and trouble for yourself later on.  
Remember those parting words of  
John Jacob Astor as the boat was  
sinking, 'Save the kiddies first.' We  
are interested in improving our live-  
stock, in conserving our forests, but  
how about our children?

"Live every day as in the presence  
of your boys. They follow in our

## LITTLE HOUSES MADE ALLURING

MAC GREGOR REALTY COMPANY

BUILDS NEAT, COZY HOMES

AT REASONABLE COST

A score of cozy, neat, white homes  
—two rooms or more—are being  
built in the western part of Glendale  
by the MacGregor Realty company to  
meet the demand here for reasonable  
housing.

Already they are being snapped up  
by anxious young people who want to  
get a place they can call their "very  
own," according to John MacGregor  
who is anxious that Glendale people  
know of his enterprise in bringing  
home-makers to this city.

By offering them a large lot with  
fruit trees and city improvements  
such as water, light and gas and good  
streets within easy access of the car  
line, the bungalows are doubly at-  
tractive from the standpoint of price  
and utility.

As time goes on it is possible to  
convert the little house into a garage  
when a larger residence is built.  
Again it is possible to use the build-  
ing as a nucleus for a larger home,  
by adding a sleeping porch, bath and  
sun parlor.

The tract which Mr. MacGregor is  
building up is bounded by Doran,  
Chester, Concord and Milford streets.

## Melting Pot Shown In Gambling Raids

SEATTLE, Wash., March 16.—  
Sixty men of eighteen different na-  
tionalities were facing gambling and  
disorderly charges today following  
two clean-up raids on south end ho-  
tels last night by the police.

One Irishman, 11 Swedes, two Ger-  
mans, one Frenchman, one Rouman-  
ian, three Finns, five Mexicans, three  
Austrians, 14 Americans, a Russian,  
a Montenegrin, a Bulgarian, two Ca-  
nadians, three Norwegians, one Ko-  
rean, a Serbian, two Indians, four  
negroes and four Chinese, is the list  
by nationality of the men jailed.

footsteps. There are more divorced  
boys in our country than divorced  
men and women. A great gulf is  
between many fathers and sons.  
Enter into his play. Learn the lan-  
guage of his sphere. Be his hero.  
Guard his leisure hours. In Cali-  
fornia 1000 hours each year are  
given to school work and 1800 hours  
to leisure. This time, if not wisely  
directed, becomes a menace.

"A recent report on the unem-  
ployed in Los Angeles shows that 60  
per cent are under 21 years of age.  
Another duty of the father and a  
safeguard to the child is careful re-  
ligious instruction at an early age.  
Most boys at 12 have a clear concep-  
tion of God, their duty to mother,  
a definite idea of right and wrong,  
and a tender conscience, and can be  
guided to a final decision for a clean  
life. Let that be our aim. 'Father  
and son; We, Us & Co.' 'Dad and I  
and God.' 'For mother and sister  
and the whole world.'"

At the conclusion of the vital mes-  
sage, Chairman Black called atten-  
tion to the presence of W. P. McRea,  
who has been an active worker in the  
state Y. M. C. A., and who is leaving  
Glendale with his family to take a  
position in the east. A rising vote  
of appreciation to Mr. McRea and  
best wishes of the company for him-  
self and family in their new field of  
labor was unanimously given.

A closing prayer and benediction  
were made by Dr. C. M. Crist

## FIRST ATTEMPT TO BRING PROBLEMS TO PRESIDENT

FRENCH AMBASSADOR APPEARS  
BEFORE HARDING; PROGRAM  
MAY BE ARRANGED

WASHINGTON, March 16.—

The first direct attempt by an  
ambassador of a foreign govern-  
ment to bring the problems con-  
nected with American-European  
relations immediately to the at-  
tention of President Harding ap-  
peared today in a visit of French  
Ambassador Jusserand to the  
White House.

Jusserand's appointment to  
call, it was learned, was ar-  
ranged by the state department  
at the ambassador's request.

WASHINGTON, March 16.—Amid  
difficulty, President Harding is try-  
ing to carry out a "hands off" policy  
in his dealings with congress.

He has refused to decide for con-  
gress whether it should give revenue  
revision or tariff legislation priority  
at the coming extra session. Lead-  
ers were urging him in the interest  
of party harmony to assert his  
leadership.

Coming in from the golf links late  
yesterday, Harding, in his golf knick-  
ers, sat in his office for an hour  
arguing with Senator Boies Penrose,  
chairman of the senate finance com-  
mittee, and Chairman Fordney of the  
house ways and means committee  
against interfering with the freedom  
of congress to map out its own pro-  
gram.

After they had exhausted their  
arguments, Harding suggested that  
they go back to the hill and make a  
thorough canvass of opinion and see  
then if a decision could not be  
reached as to which important sub-  
ject should be taken up first.

He approved the decision of house  
and senate leaders to enact at once  
on the convening of the extra session  
an anti-dumping measure designed  
to keep out temporarily the flood of  
cheap-labor-made goods from Europe  
and a bill placing all ad valorem  
tariffs on the basis of American val-  
uation to remedy the disadvantage  
which American business suffers be-  
cause of the prevailing differences in  
exchange rates. But he refused to  
go further than this.

Angeles, has taken offices at 195

## Two Large Picnics Are Being Planned

There are two great picnic reu-  
nions staged this week which interest  
100,000 people of southern Califor-  
nia. They are the Nebraska, post-  
poned from last Saturday because of  
rain to Thursday, March 17, and the  
Michigan set for Saturday, March 19.  
Both will be in Sycamore Grove Park,  
Los Angeles, and will have county  
registers, hot coffee, basket dinners  
and programs. Col. F. M. Rublee,  
president, will preside at the Nebras-  
ka and Samuel Young over the Wol-  
verines. All the 50,000 here from  
each state will be welcome and visit-  
ing tourists may meet hundreds of  
old friends.

state.

## Local Track Team Loses In Close Go

Glendale Union High school's track  
team lost to San Fernando yesterday  
afternoon on the local athletic field  
by a score of 60 to 52. According to  
Coach Alfred Cookman, it was a close  
contest until the low hurdles and re-  
lay were run off. Glendale losing both  
events because "Lefty" Herman, star  
sprinter and hurdler, went to Bur-  
bank to pitch the varsity nine to a  
13 to 0 baseball victory. This decid-  
ed defeat of Burbank gives the Glen-  
dale team confidence that it can win  
its first league game with Franklin  
High school Friday afternoon.

### FOR THE WORLD'S TITLE

The patrons of a Boston restaurant  
noticed tacked on the wall a sheet of  
paper on which was printed in bold  
characters:  
"The umbrella in the stand below  
belongs to the champion heavyweight  
fighter of the world. He is coming  
right back."  
Five minutes later umbrella and  
paper had disappeared. In their  
place was another notice:  
"Umbrella is now in possession of  
the champion Marathon runner of  
the world. He is not coming back."

## Illinois Farmer Is Witness, Bunko Trial

LOS ANGELES, March 16.—How  
J. B. Norris, credulous Illinois farm-  
er, retrieved \$30,000 of the \$50,000  
out of which he alleges he was bilked  
by Everett A. (Big Hutch) Hutchings  
and the latter's confederates in a fic-  
titious stock deal, was told in Judge  
Whitis' courtroom today. It was the  
closing chapter of Norris' narrative  
in the trial of Hutchings, alleged  
"con man" de luxe, charged with  
grand larceny. Norris kept court-  
room spectators amused with his  
drawing description of how he was  
"taken in" when he sought to make  
a "killing."

A novel warning sign has been  
erected at a railroad crossing in San  
Antonio consisting of a platform  
eight feet above the ground, upon  
which is placed a wrecked automo-  
bile which figured in a fatal accident  
of that road some time ago and which  
resulted in the death of two occu-  
pants of the car. A sign under the  
platform bears the words, "Did the

## Woman Aged 81 Years Gives Some Sound Advice To Those Who Have Something To Sell Or Tell

Mrs. N. E. Vanorman, 667 Patterson avenue, believes in The Glendale Evening News. Mrs. Vanorman has had years of experience and, therefore, she knows. In fact, she is eighty-one years of age and, consequently, filled with experience that a long life is bound to bring.

Eighty-one years of age! That's a long life, but Mrs. Vanorman is eighty-one years young—not old—as witness the following:

### THE GLENDALE EVENING NEWS By Mrs. N. E. Vanorman

If you've anything to sell,  
Or a story fine to tell,  
Or a course between two actions you must choose,  
Take a little time to think,  
Then write it down in ink,  
And send it to The Glendale Evening News.

If you'd like to make a hit,  
And feel that you are "it,"  
To mention your ambition don't refuse,  
For if you are very wise,  
You will surely advertise,  
All your business in The Glendale Evening News.

If you want to be a sport,  
And prosperity's your fort,  
Don't hesitate your influence to use;  
Just remember what I say,  
You will find no better way,  
Than to tell it to The Glendale Evening News.

There are very many ways,  
To sing the song of praise,  
Many tunes and many words to use;  
But no surer way I know,  
Than to arise and go,  
And tell it to The Glendale Evening News.

## LANGOROUS SOUTH SEA IS PICTURIZED

FIRST LOCAL SHOWING TO BE  
GIVEN 'IDOLS OF CLAY'  
AT PALACE GRAND

The languorous South Sea Islands mingle with London's Limehouse slums in George Fitzmaurice's latest production, "Idols of Clay," which will have its first local showing at the Palace Grand today only. Mae Murray and David Powell are the featured players. The story was written by Ouida Bergere.

The central characters are Faith Merrill, a pretty, innocent creature living with her father, Jim Merrill, a derelict, and his dissolute partner, Blinky, on an obscure South Sea island. Merrill and Blinky sell illicit rum to the natives in return for smuggled pearls. To the island comes Dion Holmes, a young sculptor, who is drifting around the world in the effort to forget an unfortunate affair with a Lady Cray, in London. Faith picks him up half-conscious on the beach, and under her care not only his health, but his considerable talent for working in clay returns. Later, Jim Merrill is killed in a drunken brawl and Dion, completely restored, returns to London to take up his career again.

## Baseball Bill Gets Favorable Report Out

SACRAMENTO, March 16.—Senator Larry Flaherty's bill making it a felony to "throw" a baseball game through fraud or bribery was recommended out favorably by the senate judiciary committee last night. Although its sponsor, President William H. McCarthy of the Pacific Coast Baseball league, and his attorney, Harry Safford, were not present, the committee took favorable action without them.

## Harry H. Moore To Open Paint Store

Harry H. Moore, who has been in the painting contracting business in Glendale for several years, on Saturday morning will open a store at 304 East Broadway, the former location of The Glendale Evening News plant, with a large stock of paints, varnishes, wallpaper and supplies. The late arrival of fixtures, however, may delay the opening of the establishment, the interior of which has been redecorated to be in accord with the business.

A new metallic packing has been invented, the component elements of which are mica and babbitt metal.

## U. S. AIRMEN ARE EAGER FOR TEST

ARMY AVIATORS ARE WILLING  
TO BE FIRED UPON FROM  
BATTLESHIPS, IS CLAIM

WASHINGTON — Army aviators have become so enthusiastic over the proposed experiment of bombing naval vessels under approximate wartime conditions that scores have suggested that the fleet be allowed to fire back at the planes.

While admirals and generals have been advancing and disputing claims that the airplane is far superior to the battleship, army pilots have flooded the office of the air service director with pleas that the matter be settled under real war conditions. They have been all wrought up since former Secretary Daniels offered to stand bareheaded on a battleship and let Brigadier General Mitchell, head of the air service in the war, bomb him from the air.

### Would Like Opportunity

Lieutenant C. C. Moseley, victorious pilot in the airplane race at Mineola field for the Pulitzer trophy, would be "tickled pink" at the opportunity of a real fight with the navy gunners.

"With a fast plane I would feel secure to fly around all day over the Atlantic fleet and let them shoot at me with anything they have," read a letter from Captain H. W. Cook, Nebraska.

### Other army flyers chimed in with similar willingness, each asking to be allowed to take part in the experiment. Army airmen claim they could sink the biggest battleship with one hit with a 1100-pound bomb dropped from 9000 feet.

## H. M. Kuhn Purchases Interest In Station

H. M. Kuhn, a newcomer to Southern California, has purchased an interest in the Willard Battery Service station at Brand and Colorado boulevards, and becomes an active partner with E. W. Cizek in the conduct of the business.

Mr. Kuhn looked over all of Southern California before deciding to locate here and he says he has found exactly what he wants in the way of a prosperous home city. Prior to coming here he spent several years in the Willard factory at Cleveland, Ohio, and later was engaged in similar work at Grand Rapids, Mich.

## Movie Star Visitor To Henry-Brown Plant

Charlotte Merriam, a star in Special Pictures corporation productions, accompanied by her mother, was a visitor at the Henry-Brown plant, Wilson avenue and Isabel street, the first of the week. She was greatly interested to see the home of Sierra Club ginger ale, this popular Glendale-made drink being served in practically all of the film studios in Los Angeles and vicinity.

Fur seal hunting in the summertime off the coast of Washington is restricted to the Quillayute, Ozette and Makah tribes of Indians, whose rights are guaranteed by a treaty signed ten years ago by the United States, Great Britain, Russia and Japan.

## LARGE CLASS PARTY GIVEN IN BEHALF OF OFFICIALS

PHILATHEA MEMBERS ENJOY  
GATHERING; NEW ROOM  
IS GRANTED THEM

The Philathea class of the Glendale Presbyterian church enjoyed a St. Patrick's party Monday evening, March 14, in the church parlors. The party was given in honor of the retiring class officers and those elected to succeed them.

After an evening of games and music, delightful refreshments were served. The table was beautifully decorated with shamrocks, green flags and white carnations. The place cards were gold harps. The same motif was carried out in the refreshments, the ice-cream having a center of green shamrock and the cake and candies, white and green.

The church session, holding a meeting in an adjoining room, was invited by the class to partake of the refreshments, and gladly sat down to the artistically appointed table. Several were called upon for speeches.

### Need Larger Class Room

The Philathea class is made up of a group of enterprising and bright young ladies, and they took advantage of this golden opportunity to bring to the attention of the session their need for a larger class room. So well did they plead their cause, that the session has set aside the entire balcony of the Sunday school room for their use, and it will be remodeled into an ideal classroom.

This was met with much applause and a hearty vote of thanks from the members of the class, who all agreed that the evening had been one of the most pleasant and profitable ones in their history.

The party was in charge of the social committee, under the direction of Miss Marie Myer and Miss Marjorie Smith.

An air-driven motor sled for use on the ice has been perfected. The power plant consists of a two-cylinder motorcycle engine driving a geared-down propeller. Sixty miles an hour was attained by this novel craft in a recent test. While air-driven boats are no longer a novelty this is the first known instance where an air propeller was used for propulsion over ice.

The farmers of the United States each year use approximately 7,000,000 tons of commercial fertilizer.

## England And Russia In Trade Agreement

LONDON, March 16.—Great Britain and Russia today signed a trade agreement.

The document marked the first assumption of commercial arrangements with an allied power. Russia made important concessions, the most notable being an agreement to cease bolshevik propaganda outside of Russia.

Negotiations over the trade agreement have extended over the greater part of a year, Great Britain demanding release of all prisoners held by Russia as well as renunciation of soviet propaganda.

One Russian, M. Kamenieff, was ordered out of Britain because of his attitude and because he was alleged to have attempted to subsidize a London newspaper.

Complicated arrangements had to be made for the handling of goods

## Accuse Germany Of Sending In Soldiers

WARSAW, March 16.—Formal demand that the allies compel Germany to reduce her forces in upper Silesia was expected today.

With a plebiscite to be held Sunday to decide whether the rich country goes to Poland or Germany, Polish authorities declared Germany was insuring violence by packing the area with troops.

German forces include Saxon and Bavarian divisions and a secret military organization, they declared.

Geologists are investigating the feasibility of manufacturing steel and iron in the state of Washington.

Russian leaders believe the treaty will lead later to full political recognition.

## Important Dispatches Go To Sinn Feiners

DUBLIN, March 16.—Important military dispatches fell into the hands of Sinn Feiners when two runners were attacked in a suburb here. One of the men was killed, the other being seriously wounded.

Later a lorrryload of cadets was fired upon, one soldier being wounded. The assailants escaped.

### MIGHT AS WELL

Even Abe Lincoln, though never noted for his beauty, had some pride in his appearance. One day, the story is told, while going down the street, he met a man who looked him over closely and drew a gun on him.

"Stranger," the man said, "I swore that if I ever met anyone homelier than I was, I'd shoot him on sight."

"Brother," drawled Abe, "if I'm homelier than you I reckon you might as well."

# A seven per cent investment with no element of speculation

The Preferred Stock of the Los Angeles Gas and Electric Corporation is an extraordinarily attractive investment for either limited or large capital. The stock has a par value of \$100.00 per share. It can be bought at \$85.00 per share. It pays 6 per cent on par, which is better than 7 per cent on the amount invested.

The payment of dividends quarterly as due is rendered a surety by the requirements of the permit under which the stock is sold and by the very large surplus for payment of dividends which the Corporation is earning.

There is no speculative element in the investment, for the Preferred Stock has priority over Common Stock not only as to dividends but as to assets as well.

The investment of additional capital will also increase the plant assets of the Corporation, for the proceeds of the sale of Preferred Stock must be used for betterments and extensions.

This in turn will create increased earnings so that your own investment adds to its own security by increasing plant value and operation earnings.

The present management of the Los Angeles Gas and Electric Corporation has been in control of the Corporation's affairs for 31 years, so that the conservative, judicious administration of its affairs is fully assured.

Many patrons of the Los Angeles Gas and Electric Corporation have invested nominally in the Preferred stock, regulating their investments so that the income therefrom will pay their gas and electric bills. The stock has the advantage of being readily convertible into cash.

It is a very attractive security in which to invest monthly savings, for it can be bought on an easy-payment plan.

## VARIED EVENTS ARE ON PROGRAM FOR CHAUTAUQUA

AMERICANISM IS ONE OF BIG  
FEATURES; DATES FOR THIS  
CITY ARE MAY 11-17

The Chautauqua dates for Glendale are announced as May 11 to 17, inclusive, and the Ellison-White System, which is sending the Chautauqua here, writes, in part, to The Evening News:

"As part of your coming Chautauqua program the noted Anzac, Signaller Tom Skeyhill, who is now in Soviet Russia, will bring you an up-to-the-minute story of Russia under the Red regime. Peter Clark Macfarlane, the well-known reporter, writer and interviewer of celebrities, will have a new lecture on our own people. You have been reading Macfarlane in Collier's, The Post and elsewhere for years. There will be other lecture attractions of note; and some splendid music.

### Increase Is Shown

"Thus Chautauqua lends itself admirably to our national needs. Indeed, a great leader has called it 'The most American thing in America.' In 1920 the number of Chautauquas on this continent increased exactly 35 per cent over the preceding year. We mention this merely to suggest the growing esteem in which Chautauqua is held by the American people, and we believe Chautauqua's growth is due to the service which it has rendered. May we offer you our heartiest assistance in your efforts to make your own Chautauqua an institution of the greatest possible service to the people of your community?"

### Advertising Necessary

"Advertising has come to stay," declared Charles Coolidge Parlin, manager of the division of commercial research of the Curtis Publishing company, Philadelphia, who addressed members of the Los Angeles Advertising club in Los Angeles yesterday.

"We can look forward with confidence to a strengthened buying power and generally to bettered conditions," he added, "but we must exert a greater selling effort."

Which means advertise.

### Russetti Will Speak

Poets take note: Signora Olivia Russetti Agresti, niece of Dante Gabriel and Christina Russetti will speak at 11 a. m. tomorrow in Cumnock auditorium on the pre-Raphaelite movement in England and its effect on the life of today.

### Permission Is Granted

The Los Angeles Gas and Electric corporation yesterday was granted permission by the State Railroad commission to issue \$2,900,000 worth of gold bonds, and the Southern Counties Gas company asked authority to issue \$1,500,000 bonds.

Money derived from the sale of the Los Angeles concern's bonds will be used to enlarge the plants and better the service. The Southern Counties Gas company plans doing the same.

### Express Confidence

The "anti-Peek" campaign at Long Beach is concluded and the voters yesterday expressed their confidence in Commissioner of Public Safety Peek who has been reforming the town's morals. Another municipal storm is brewing, however, with a charter election coming up next month.

### Declared Not Guilty

"Not guilty" is the jury's verdict following the trial of Carlisle Hughes, truck driver, who left the machine in the Valley highway which caused the death of Congressman-elect Van de Water. Manslaughter was charged, but the defense brought out the facts that Hughes had taken precautions before leaving his truck and trailer in the road.

### Egyptian Dancer Dies

La Belle Fatima, Egyptian dancer of World's Fair renown, is reported dead at Venice. Burial is to occur today. She was born in Egypt, lived in Tripoli and was married to Abdo Abelnour. One daughter, Latifa, survives.

### Body Is Washed Ashore

The body of Howard Bronson, insurance man who was drowned at Santa Monica ten days ago, was washed ashore at the rear of the Venice plunge. Efforts of Roy McCullough of this city to bring the man to safety when he was carried out by a rip tide one week ago Sunday failed.

### MATCH THIS ONE

"How is it Sam Goldstein always has money yet he never works?" "Sam's a regular mint as a money maker. I've seen him put a common match in his mouth and chew it into six bits."

## F. A. CLARKE FAVORS PROJECT NO. 1 ON WATER POLICY

URGES BONDS THAT ENTIRE  
CITY MAY PAY FOR NEW  
PIPE LINES NEEDED

F. A. Clarke, second vice-president of the West Glendale Progressive League, today declared himself in favor of proposition No. 1 in the policy of the municipal water department, to be informally submitted to the voters of the city at the special election to be held March 29.

As explained in full recently in The Evening News, the Board of City Trustees proposes, at the approaching bond election, to take a "straw" vote on two propositions, one of which will be adopted as the financial policy of the water department. One proposition, No. 1, provides all service mains installed hereafter within the city of Glendale shall be paid for from the proceeds of general municipal bonds and all bond redemption and interest on account of such bonds shall be met from a tax levied on all of the assessable property of the city. The other proposition, No. 2, provides that all service mains installed in the city hereafter shall be paid for by assessment on property served thereby.

### Pipe Laid and Paid For

"When the Valley View tract, bounded by West Broadway, Central, West Lomita, South Pacific and the San Fernando Road, was annexed, the pipe had already been laid and paid for by the property owners," said Mr. Clarke today, in discussing the situation faced by the residents in that section relative to the two propositions to be voted upon at the "straw count on March 29." The only time the city has ever spent a cent was in repairing a few distributing mains.

"For years and years these property owners have been saddled with water bonds to pay for other pipe extensions in all parts of the city and now, when certain parts of the city need pipe improvements, they are expected to pay for the same by a direct assessment against their property, should proposition No. 2 carry."

### Opposed to Proposition No. 2

"In no shape, manner or form is there any justice to proposition No. 2, in my opinion. Streets that already have good water pipe, which was paid for by all the people, would be absolved from paying for any more pipe improvements. Surely the citizens of Glendale will not approve a proposition as outlined in No. 2."

"In the event of No. 2 carrying, an immediate assessment should be made against every lot in the city for the value of the pipe already in front of the lot. This would be fair and just to all concerned."

### Says No. 1 Logical Policy

"To my mind, the logical policy is proposition No. 1, for the reason that it is the right one and the cost of improving the water system, by municipal bonds, would be infinitesimal to each property holder."

The West Glendale Progressive league plans to hold a mass meeting in the auditorium of the high school on Tuesday night, March 22, and Dwight Stephenson, president of the Board of City Trustees, and T. W. Watson, city manager, have been invited to be present and make talks on the proposed bond issues and the "straw" vote to be taken on the water department financial policy.

## Title Chess Match Suspends For Time

HAVANA, Cuba, March 16.—After thirty-one moves, the world's championship chess match here between Dr. Edward Lasker and Jose Capablanca was suspended at 1 a. m. today. The battle will be resumed tonight when Lasker makes his thirty-second move.

The position of the pieces when adjournment came did not indicate an advantage for either player, but observers believed the challenger had a shade the better of the early moves against Lasker.

The Cuban opened with a queen's gambit, which Lasker declined to accept. The two immediately plunged into an interesting contest, neither player caring to appear conservative. At Capablanca's eighteenth move, Lasker asked, "Are you playing to win?" Spectators accepted it as an indication that the champion would be willing to accept a draw. Capablanca declared he was out to win.

### CHICKEN-HEARTED

A battery of big guns had just sent its message of destruction into a company of Germans at St. Mihiel, and when the debris had settled all to be observed were a few scraps of gray cloth scattered about.

"Wow," ejaculated the supply officer, "but there sure are a lot of dead Jerries over there."

"I wouldn't go that far," replied the conservative medical major, suspicious like all of his ilk. "But if they were my men and came to me, I admit I might mark them light duty."

Freight rates on sugar from Cuba have been reduced approximately 50 per cent.

## St. Paul Vindicated; Woman Divulges This

LONDON—Men translated the Bible—and twisted St. Paul's remarks about women to suit their own ideas. That is divulged by Miss K. Raleigh to the Women's Freedom League.

The apostle's remarks about women, she said, were badly twisted in translation and it could be proved by the removal of a few dots and commas, that St. Paul did not: Forbid women to preach; command them to obey their husbands; insist that for ever and aye, whatever the fashion of the country, they should wear hats in church, say that they should never wear jewelry and fine clothes.

"In the sentence 'Women obey your husbands,'" said Miss Raleigh, "the correct translation of the word 'obey' is 'be considerate to.'"

St. Paul is rehabilitated.

## World's Finest Train Makes Its First Trip

LONDON—Declared by passengers to be "the finest train in the world," a train composed of six new and luxurious Pullman cars has made its first trip from London to Dover.

Each car is sixty-five feet long and cost more than \$44,000 to build. The parlor coaches carry twenty-seven passengers, and those with kitchens sixteen. The decoration is different in each coach, and ranges from Sheraton to Greek styles. New devices of every description are installed to add to the comfort of the passengers.

A dense, yellow, penetrating fog hung over the city of London recently so thick that some of the busses gave up in despair and stopped in the streets until it had cleared sufficiently for them to find their way.

## Over Hundred Claims Reported Filed Upon

CLINTON, British Columbia—More than 100 claims have recently been staked in the Clinton and Lil-loet district along the caribou road in the direction of Scotty creek. A large body of remanite ore garrying gold values has been located about fifteen miles from here.

## Creamery Plant Will Take Up Entire Block

## EARLY BALLOT SAID TO FAVOR STRIKE BY MEAT MEN

CONTRIVERSY BETWEEN HEADS  
OF PACKERS AND WORKERS  
IS REACHING CLIMAX

CHICAGO, March 16.—The con-  
troversy between packers and their  
employees rapidly drew toward a cli-  
max today. Developments were:

1. Taking of a strike vote  
among butchers and meat cut-  
ters.

2. Meeting of representatives  
of all union employees of packing  
companies to consider a walkout  
of all trades employed by pack-  
ers in sympathy with the butch-  
ers and meat cutters, if they  
strike.

3. Closing down of independ-  
ent packing companies in stock-  
yards district, in view of the  
"unsettled conditions."

4. Arrangements continued  
for mediation conference in  
Washington with government  
officials.

Taking of the strike vote pro-  
ceeded without any disturbance.  
Booths were erected at the main  
gates leading to the packing plants  
in the yards district and the men  
cast their ballots as they went to  
work. The early vote, union leaders  
said, overwhelmingly favored a  
strike.

About 2000 men were thrown out  
of work by the closing down of the  
small independent companies. The  
layoff, officials said, was due to  
"strike talk," unsettled market  
conditions and especially the declining  
prices for meat products and lack of  
demand.

## Battling For Lives Of Condemned Boys

SACRAMENTO, March 16.—Victory  
is in sight for the crusaders  
fighting for the lives of three youths  
condemned to hang for murder.

At a heated hearing last night be-  
fore the committee on the revision  
of the penal code the Saylor bill mak-  
ing it unlawful to hang minors un-  
der 21 years of age, was passed out  
with no unfavorable recommendation.  
It will come up on the assembly  
floor probably the first of next  
week.

Speakers for the Saylor bill  
swarmed up from San Francisco last  
night armed with arguments and ap-  
peals. Among them were Mrs.  
James Ellis Tucker, Mrs. James Ham-  
ilton Morton, Thomas Watt of the  
Y. M. C. A., Judge John F. Davis  
and John A. O'Connell of the labor  
lobby. The chief speaker opposing  
the bill was Charles E. McLaughlin  
of the prison board. He admitted  
that hanging boys did not act as a  
deterrent.

"Murderers should be hung at the  
scene of their murders," he said, re-  
calling a custom abolished in Eng-  
land twenty years ago.

Bishop William Hall Moreland of  
Sacramento made an eloquent plea  
for the three condemned youths at  
San Quentin.

## Steals Cream Puff; Placed Under Arrest

OAKLAND, Cal., March 16.—Searl  
Mathison, aged 14, was hungry—very  
hungry—when he entered L. Kil-  
gore's grocery store late yesterday.

"On the counter sat a cream puff.  
It was a nice brown cream puff, with  
powdered sugar all over the top.  
There was a little crack in its side  
from which whipped cream oozed. It  
was a vanilla cream puff—Searl  
could smell it.

So Searl, unknowing that Police-  
man F. E. Murphy was watching,  
formed an affinity for, and finally a  
partnership with the cream puff.

But it was an ill starred partner-  
ship. For Policeman Murphy took  
him straight to jail and Searl spent  
the night in the detention home,  
charged with petty larceny.

Oakland police today declared  
Searl must stand trial—all because  
a cream puff had cream oozing from  
its sides and smelled of vanilla when  
a boy was hungry.

## Every Fourth Baby Is Declared Perfect

SAN FRANCISCO, March 16.—San  
Francisco mothers are strutting  
proudly this morning as a result of  
the examination blanks announce-  
ment yesterday with the opening of  
the Child Welfare week here that  
every fourth baby in San Francisco  
is 100 per cent perfect.

The statistics were not confined to  
the Simon-pure American, but cov-  
ered babyland's boast from the blue-  
eyed Celt and soft brown-eyed Latin  
to the slant-eyed, brown-skinned  
treasures of San Francisco Oriental  
quarters.

A peculiar custom of the Hindoos  
during their Huli festival consists in  
the sending of persons away with  
messages to dead individuals, or per-  
sons known to be from home, and en-  
joying the laugh at their disappoint-  
ment.

## FREE FLOWER, ALSO VEGETABLE SEED, SENT PUBLIC

CALL AT EVENING NEWS AND  
GET YOUR PACKAGES, BUT  
HURRY; SUPPLY SHORT

Seeds!  
Flower seeds!  
Vegetable seeds!

They are on free distribution at  
the office of The Evening News—as  
long as they last.

Two large sacks of flower and vege-  
table seeds have been delivered to  
this office, through instructions of  
Hiram W. Johnson, United States  
senator from California.

The seeds are in neat little pack-  
ages—handy to carry home—and  
they will be given free to the public  
as long as the supply lasts.

In the vegetable envelope are  
found lettuce, onion, radish, carrot  
and beet seeds.

Five Kinds of Flowers

In the flower envelope are found  
candytuft, dwarf nasturtiums, del-  
phinium, poppy and cosmos.

Senator Johnson has sent the seeds  
to this office. This paper will hand  
out the packages—as long as they  
last—and there the responsibility  
ceases, for neither Senator Johnson  
or The Evening News will guarantee  
that the seeds will grow, although  
it is declared that the seeds are of  
the best quality and full directions  
for planting appear on each package.

Those wishing the seeds are ad-  
vised to make application at this of-  
fice immediately, for the supply is  
limited.

The Japanese women pearl fishers  
commence their work at the age of  
fourteen. Almost all the year around  
they are in the water, except in the  
coldest season.

OFFICE OF THE CITY CLERK OF  
THE CITY OF GLENDAL E, CAL-  
IFORNIA.

TO WHOM IT MAY CONCERN:

NOTICE IS HEREBY GIVEN, that  
an application has been made, to  
the Board of Trustees of the City of  
Glendale for a certain franchise  
granting the right to construct, and  
for a period to terminate November

connections at street intersections,  
and all other appliances, property,  
structures and attachments that may  
be necessary or proper, for the pur-  
pose of operating said road and en-  
abling it to be as effective as the  
best railway operated by electricity  
or other motive power except steam;  
provided, however, that no spur  
track into private property shall be  
built within One Thousand (1000)  
feet of any spur track already con-  
structed under said franchise, with-  
out first securing the proper consent  
of the Board of Trustees of the City  
of Glendale. That the terms and con-  
ditions upon which said franchise  
will be offered for sale, are the fol-  
lowing:

That the railway to be constructed  
and operated under said franchise  
shall be used for the transportation  
of passengers, baggage, United States  
mail, express matter, and such other  
commodities as can be conveniently  
handled by an electric railway, pro-  
vided that cars other than closed  
ones, of a neat and attractive design,  
shall only be conveyed over said  
road between the hours of nine  
o'clock P. M. of each day and six  
o'clock A. M. of the following day;  
except hauling such material as is  
used in the construction and recon-  
struction of such railways.

That said the grantee of said  
franchise and its assigns, shall use  
good material in the construction of  
said road, and said road shall be  
built in a good and workmanlike  
manner, and that said grantee and  
its assigns, shall, at its or their own  
cost and expense, oil and re-oil,  
pave or macadamize the said road  
between the rails, between the tracks  
and for two (2) feet on each side

thereof, with the same material used  
by the City, and under the same  
specifications and in the same man-  
ner as upon the streets over which  
said roads are respectively, and shall  
keep the same constantly so paved  
or macadamized and in repair flush  
with said streets, and provided with  
suitable crossings, and shall make  
the roadbed conform at all times to  
the established grade of said streets;  
provided, however, that where any  
of the above named streets have  
been graded or otherwise improved  
prior to the granting of said fran-  
chise, said roadbed and rails shall  
conform to and be flush with the  
grade of said graded or otherwise im-  
proved street or streets, whether  
such surface be above or below the  
official grade of said street or  
streets, and on all other street or  
streets, the said roadbed and rails  
shall conform to such official grade  
as aforesaid.

In case the said grantee and its  
assigns, shall fail to comply with the  
instructions given for said repairs  
for ten days after service of notice  
thereof upon the superintendent or  
manager of said grantee, then the  
Board of Trustees of the City of  
Glendale, may, with suitable assist-  
ance, enter upon said railway, or any  
portion thereof, and do the work,  
and furnish the proper material, and  
keep an itemized account of the cost  
thereof, which said grantee and its  
assigns, by the acceptance of this  
franchise, agrees to pay immedi-  
ately to the Treasurer of the City  
of Glendale upon the presentation of  
the account to the superintendent or  
manager of said railway.

Provided further, that cars shall  
be run over the road constructed un-  
der said franchise every day, unless  
prevented by the elements, riots,  
strikes or unavoidable causes; pro-  
vided, also, that cars shall be run  
over and upon said road at inter-  
vals of not more than one (1) hour  
from seven o'clock A. M. until ten  
(10) o'clock P. M. of each day, and  
as much oftener as may be necessary  
to properly accommodate all persons  
who apply for transportation over  
said road, except in times of extra-  
ordinary and unforeseen amounts of  
travel, and provided that the Board  
of Trustees may authorize a less  
number of trips if the amount of  
travel does not warrant the above  
number of trips, and provided fur-  
ther, that said grantee, and its as-  
signs, shall have the right to exca-  
vate and remove portions of said  
streets necessary to properly con-  
struct said road, and to erect useful  
apparatus, boilers, engines and other  
appliances to properly equip and run  
said road; provided further, that the  
City of Glendale in granting said  
franchise, expressly reserves the  
right to pave, macadamize, renew or  
sewer any of said streets, or to lay  
gas, water or other pipes therein,  
said work to be done so as to in-  
jure said road as little as possible.

It is further provided that said  
grantee and its assigns, shall con-  
struct all necessary flumes and cul-  
verts for the free passage of water  
under the tracks of said Railway  
whenever and wherever necessary,  
and that all of such flumes and cul-  
verts shall be constructed in ac-  
cordance with the plans and spec-  
ifications approved by the City En-  
gineer and wherever required by said  
City of Glendale.

That the said grantee and its as-  
signs, shall and will, at all times up-  
on and after the completion of said  
road, during the operation of the  
same, and without extra charge, is-  
sue and receive from passengers go-  
ing in one direction, transfers good  
for one continuous passage over and  
upon any and every other line and  
lines or any other road or roads to  
any points within the said City,  
which said grantee and its assigns,  
does now or may hereafter own, con-  
trol, operate or have a controlling  
interest in; and provided, as a fur-  
ther condition, that said grantee, and  
its assigns, shall and will at all  
times as aforesaid, issue or cause to  
be issued to said passengers without  
extra charge, a similar transfer from  
any and every line or lines which  
said grantee and its assigns, now  
or may hereafter own, control,  
operate or have a controlling inter-  
est in, within said City of Glendale,  
as aforesaid, to, over and upon the  
road operated and maintained under  
said franchise within the city lim-  
its of the City of Glendale; and pro-  
vided further, that such transfers  
shall be given and received as above  
provided over and upon all such  
roads within the city limits of the  
City of Glendale, whether operated  
under a franchise granted by said  
City, or over and upon private right  
of ways owned or occupied by said  
roads within the city limits of the  
City of Glendale.

That the rates of fare to be  
charged by the grantee shall not ex-  
ceed the rates fixed by the Body,  
Board or Commission having author-  
ity to fix such rates.

The said grantee and its assigns,  
shall carry free on said cars, the  
City Marshal or Chief of Police and  
deputies, and all regular police of-  
ficers and firemen of said city, when  
on duty, and letter carriers, subject  
at all times to the rules of the road.

That the said grantee and its as-  
signs, shall during the life of the  
said franchise, pay to the City of  
Glendale, in lawful money of the  
United States, two per cent of the  
gross annual receipts of said grantee  
and its assigns, arising from the use,  
operation or possession of said  
franchise. No percentage shall be  
paid for the first five years succeed-  
ing the date of the franchise, but  
thereafter such percentage shall be  
payable annually, and said franchise  
is to be forfeited by a failure to make  
the payments provided for, and the  
said grantee and its assigns, shall  
be the duty of the grantee of said  
franchise, and its assigns, to file  
with the City Clerk of the City  
of Glendale at the expiration of six  
years from the date of granting said  
franchise, and at the expiration of  
each and every year thereafter, a  
statement verified by the oath of the  
said grantee, or its assigns, or by  
the oath of the manager or presid-  
ing officer of said grantee, of its  
assigns, showing the total gross re-  
ceipts and gross earnings collected or  
received by the said grantee, or its  
assigns, during the preceding twelve  
months, and within ten days after  
the time for filing such statement, it  
shall be the duty of said grantee, or  
its assigns, to pay to the City Treas-  
urer of said City of Glendale, the ag-  
gregate sum of said percentage upon  
the gross annual receipts arising

from the use, operation or possession  
of said franchise.

That all poles used in the construc-  
tion and operation of said electric  
road, shall be placed within the curb  
line of the streets herein designated  
as officially established by the Board  
of Trustees of the City of Glendale,  
and the outer edge of the poles shall  
in all cases be set as near the inner  
edge of the curb as practicable, when  
not otherwise directed by said Board  
of Trustees, and the wires suspended  
from said poles, shall not at any  
point be less than twenty-two (22)  
feet above the top of the rail. All  
poles shall be of tubular steel or of  
suitable wood, of a size and kind  
such as are ordinarily used for sim-  
ilar purposes in the State of Cali-  
fornia, and shall at all times be  
kept free from rust and painted in  
a uniform color; that wherever said  
railway is double tracked, then the  
tracks shall be placed thirteen (13)  
feet from the center line to center  
line, and in case of a single track  
shall be located as directed by the  
Board of City Trustees of the City  
of Glendale.

That any neglect, failure or re-  
fusal to comply with any of the  
conditions of said franchise, after thirty  
days' notice given by the Board of  
Trustees of the City of Glendale,  
shall thereupon immediately, ipso  
facto, effect a forfeiture thereof, and  
the said City, by its Board of Trust-  
tees, may thereupon declare said  
franchise forfeited, and may ex-  
clude said grantee, or its assigns,

said City under said franchise, and  
said grantee or its assigns, shall  
thereupon and immediately, surren-  
der all rights in and to the same,  
and the said franchise shall be  
deemed and shall remain null, void  
and of no effect.

NOTICE IS ALSO HEREBY  
GIVEN, that sealed bids in writing  
will be received for said franchise  
by the City Clerk of said City of  
Glendale up to eight o'clock P. M.  
of the 14th day of April, 1921. At  
the day and hour last mentioned, the  
City Clerk will, in open session, ex-  
amine and publicly declare the same,  
and each bid shall be accompanied  
by a cash deposit of the amount of  
the bid, or a certified check for said  
amount, payable to the City Treas-  
urer of the City of Glendale, cer-

a guarantee of good faith by the  
bidder; provided, however, that if  
in the judgment of the Board of  
Trustees, no adequate or responsible  
bid has been made, the Board of  
Trustees may withdraw said fran-  
chise from sale, or advertise for new  
bids. That at the time for opening

may be raised not less than ten per  
cent by any other responsible bid-

franchise must, within five (5) days  
after the awarding of such fran-  
chise, file with the City Clerk of said  
City, a bond running to the said  
City in the penal sum of One Thou-  
sand (\$1000.00) Dollars, with at  
least two good and sufficient sure-  
ties, or a bond in said amount fur-  
nished by a responsible surety com-  
pany, to be approved by the Board  
of Trustees, conditioned that such  
bidder shall well and truly observe,  
fulfill and perform each and every  
term and condition of said franchise,  
and that in case of any breach of  
the conditions of such bond, the  
whole amount of the penal sum  
therein named, shall be taken and  
deemed to be liquidated damages,  
and shall be recoverable from the  
principal and sureties upon such  
bond. If such bond is not so filed,  
the award of said franchise shall be

## GLENDALE PROMISES CONTINUATION OF ITS SUCCESS

JEWEL CITY IS PLACED IN  
WONDERFUL SETTING; FINE  
OUTLOOK FOR FUTURE

Mary B. Wemyss, 924 East Windsor road, has the following to say about the city's prosperity:

Glendale, with congratulations from the highest official in the land, bids fair to be the lode-stone for the world in the near future. Situated in a beautiful valley of fertile fields, surrounded by sage-covered hills, with the great mysterious mountains beyond, where the snow sparkles in the warm sunlight of a winter morning, and in the lovely summer afternoons a cool west wind from the wide Pacific blows across this favored city to lose itself among the misty, purple canyons in the east.

With such a wonderful setting, it was fitting that the Jewel should be well cut and polished, that the workmanship thereof should be fair as men's hands could make it, guided by best thought of worthy brains and honest hearts, and here in Glendale the ideals of city and home life are being realized.

Fine churches, and good schools that our children may learn to be worthy of their heritage. Comfortable houses and gardens, beautiful in well kept streets. A business section unsurpassed in modern methods; a standard of uprightness, integrity and civic pride among its merchants. Is it any wonder that Glendale has prospered?

Easy of access, with well equipped hospitals for the sick, a city where music and art have found a home, with rapidly expanding commerce, at whose western gate runs the great road linking north and south of this wonderful state, with unprecedented building and business record, Glendale yet stands at the threshold of her life, and that that life will fulfill the promise of her youth is certain, because of the great ideals which dominate her citizens, for still it is true, as in the days of old, that "Whatsoever a man thinketh in his heart, that is he."

As a result of the bursting of a high pressure water main in Montreal recently, two boys were drowned, several families were rendered homeless and twenty-eight persons were taken to the hospital.

## Moscow Lacks Food; Situation Critical

BERLIN, March 16. — Authoritative dispatches from Moscow today described the city in a critical condition due to a food scarcity. Bolshevik authorities were exerting themselves to quiet threats of a general strike by extension of food and clothing rations.

Moscow had few reports of the situation near Petrograd, but it was asserted Minister of War Trotsky had ordered troops with artillery to advance upon Kronstadt by way of Oranienbaum. Discontented workers were said to rely upon an uprising in southern Russia to aid their movement. They had advised that a movement was under way to sweep the red armies there into their own revolutionary organization.

It was also stated in rebel circles that General Yudenitch has organized another army, this time in Estonia, and was prepared to move westward at the first opportunity.

Unofficially it was also stated that Trotsky's ultimatum to the Kronstadt rebels, demanding immediate surrender, had been removed. Bolshevik leaders were said to have cast aside their scruples in destroying Russian battleships and other property held by the rebels and to contemplate a strong attack.

It was reported that severe losses were sustained yesterday when Chinese and other mercenaries attempted an advance on Kronstadt.

Rebel leaders declared forty-four red aviators attempted to desert the soviet forces yesterday, but were betrayed, all being executed.

## Hermit Found Living In Gotham Gas Main

NEW YORK—Piotr Bolakoruff, after escaping the bolsheviks in Russia, has been having even a harder time of it in New York, so far as finding a living is concerned. Most of his troubles were settled, at least for a time, when he was sent to the Tombs for thirty days by Magistrate Cobb in the Tombs court.

Piotr, who is about fifty years old, but looks like seventy, when asked where he lived, said at Greenwich and Warren streets, but his home had no number. It was inside of one of the sections of large gas mains lying on the street thereabouts. Workmen kept a fire burning at one end of the pipe, and Piotr had a broken mirror in it and several tin cans for cooking such food as he was able to gather, chiefly from refuse. Patrolman Zipf arrested him as a vagrant so he could get a regular home for a month anyhow.

## CITY OF PROGRESS AND HAPPINESS IS GLENDALE

D. NEWTON WEMYSS WRITES OF  
CITY OF TODAY AND AS IT  
WILL BE IN FUTURE

Here is what D. Newton Wemyss, 924 East Windsor road, has to say about Glendale and its prosperity:

Glendale: city beautiful; under blue sky, where gentle breezes blow, soft from the sea.

Here few are ultra-rich and none are destitute. A kindly soil gives an abundant yield.

Noble streets, tree-set, lined with busy homes, reach to a great metropolis at our door, while mile on mile of traffic-crowded boulevards, alive with trade, handsome with clubs and churches, schools and pleasure-palaces, give access to the world.

Close to a river, willow-dressed, which winds along our west and south, rolls one of the great steam highways, its every rail singing potential spurs and factories to come.

Electric power; ample for all. Electric cars for us and ours touch all the nearby towns. Los Angeles or Eagle Rock, Burbank or Montrose.

The purr of rubber tires, bus, stage and private car, whisper continuously in all our streets.

And round about, the old gray hills of Spanish name, guard well this vigorous infant town. Dark and sublime their hollows pink and dimple to the dawn; or at the dusk, the evening shadows shift and change and take the tones of dying day. Such times these grim old nurses play, and Earth is young; but all the work-a-day stand they, dominant and stark, pointing to our grand valley; fit cradle for that greater city, now to be.

Today 'tis "Glendale, Lovely Glendale: city of progress, homes and happiness." Tomorrow 'twill be the same—but also this: "Glendale! Mighty Glendale: an ocean-ship canal where yesterday your river ran; Glendale; humming with manufactures and trade."

Farm and orchard yield to thee. Quarry and clay-bed work for thee. Forest and ocean bring to thee. All that there needs to nourish thee. God grant that greatness make for lasting good, through thee.

## Interview By Lenine Tells Of Government

PARIS, March 16. — Only two kinds of government are possible in Russia—soviet or czaristic. Nikolai Lenine declared in an interview printed here today.

"Some fools believe a constituent assembly would succeed," he said, "but Russia would be a bear garden, with the bears, with rings in their noses, led by czarist generals."

"The revolt in the Petrograd district is a case of foolish discontent backed by the capitalists of the world, but it will fail."

"The world is divided into two armies, each trying to frighten the other. But we shall see who is frightened first."

Lenine declared he had no fear of the result of the Kronstadt revolt because food was too scarce in the Petrograd area.

"The sailors who are leading this foolish revolt cannot succeed," he declared. "They are out of their element when they lose sight of the gulf of Finland."

## Queen Marie Will Appear In Pictures

LOS ANGELES, March 16.—Europe's most beautiful queen, Marie of Rumania, is coming to Los Angeles to actively take part in the filming of her own stories, it was announced today by Lois Weber, famous woman cinema director, who owns picture rights to the queen's literary works.

It is possible that the queen may even appear in one or more of the plays, according to Miss Weber, who had been negotiating for some time with Queen Marie regarding the rights to her books and plays. A cablegram just received by Miss Weber announced definite acceptance of the offer and stated the queen will arrive in Los Angeles next October following a world tour.
